Price: $12.90

Short Description
Smart Interactive Cat Ball Toy with Tail – Motion Activated, 3 Speed Modes, USB Rechargeable, Obstacle Avoidance, Silicone Rolling Toy for Cats

Description
Turn your home into a playground with our Smart Interactive Cat Ball Toy—designed to keep your cat active, curious, and endlessly entertained.

Featuring a playful tail attachment, this smart ball mimics the unpredictable movement of real prey. With intelligent obstacle avoidance and self-guided rolling paths, it moves in random directions to trigger your cat’s natural hunting instincts.

Choose from 3 adjustable speed modes to match your cat’s energy level—from gentle play to high-speed chase.

Made from food-grade silicone, it’s safe, durable, and built to withstand biting and scratching.

Rechargeable via USB and easy to clean, this toy is perfect for independent play—even when you’re busy or away.

Key Features

- Smart Obstacle Avoidance Automatically changes direction when hitting walls or objects
- Realistic Prey Movement Random rolling + tail teaser stimulates chasing instincts
- 3 Speed Modes Adjustable for shy, normal, or high-energy cats
- Food-Grade Silicone Material Safe, bite-resistant, scratch-resistant, and durable
